

## eLJT Problem In Internet Explorer version 11

Recently, there was an issue with *Microsoft Internet Explorer 11*. We found the eLJT system's login page could not be displayed properly as shown below. This problem does not happen in alternative browsers like *Mozilla Firefox* and *Google Chrome*. To solve this, follow the steps below:

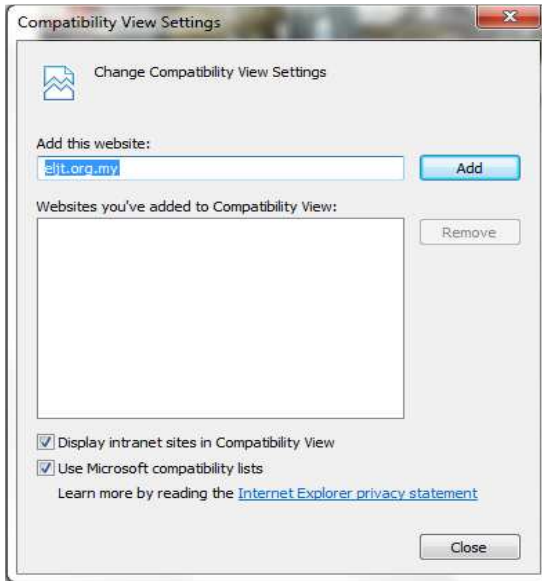

- 1) Open Internet Explorer 11. Type address [www.eljt.org.my](http://www.eljt.org.my) and Enter.

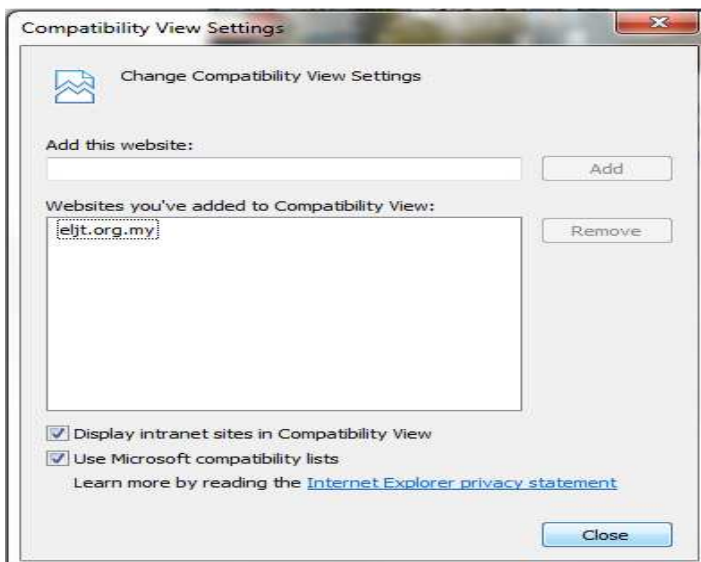

- 2) Click on *Tools (Alt+X)*.
  - Choose 'Compatibility View Settings' and click.

- 3) Add this website : *eljt.org.my*
  - Click 'Add'.

- 4) The website already added to Compatibility View.
  - Click 'Close'.

- 5) Close and re-open browser Internet Explorer 11. Type [www.eljt.org.my](http://www.eljt.org.my) and Enter. The website will be displayed as usual.
